Lennart GÜthling, Managing Director

To our friends all over the world,

At age 40, people are in the middle of their lives, have a lot of experience, know their strengths and still have many interesting projects to look forward to. That's why we're very pleased that the Humboldt-Institut turns 40 in 2017—and that we can celebrate with program participants from all over the world. Since our founding, we have welcomed over 60,000 students!

You can still find our website—with a fresh, new look starting autumn 2016—at [www.humboldt-institut.org](http://www.humboldt-institut.org). Updated for smartphones, tablets and PCs alike, the site presents what we have to offer and makes it even easier to select the German course that's right for you. Check us out!

Our growth isn't even slowing down for our anniversary, as we'll be opening our 17th program site: a summer location in Kempten. In July, program participants here will be able to enjoy being near the Alps, countless lakes and a range of recreational opportunities in one of Germany's oldest cities. And just in case you need to cool off a bit: your Humboldt program fees include, as always, admission to the neighboring outdoor pool.

With the telc Deutsch C1 Hochschule exam now recognized at all German universities, demand for this test has risen dramatically. We are also happy to help you with any questions you have about placement and application procedures at German universities, offering the German course and test you need.

In addition to our regular German courses, we also offer attractive programs and special terms for groups and school classes, especially in the off-season. Contact us!

The Lindenberg boarding school has developed extremely well in collaboration with the local college preparatory school. Students from a total of ten countries live and learn here under one roof. In June 2016 we again saw two of our students successfully pass their high-school leaving exams—the Abitur—and are already crossing our fingers for our 2017 candidates.

We hope you have a happy and successful 2017 and look forward to the next 40 years—and hopefully to seeing you soon again as a member of the Humboldt family!

Yours,

Norbert GÜthling

## Why study German at the Humboldt-Institut?

Humboldt-Institut e.V. is a non-profit organization for teaching German as a foreign language. From a single program center at its administrative headquarters in Ratzenried Castle, the Humboldt-Institut has grown to a network of 17 program sites throughout Germany. Our success rests on giving each and every student exactly the support they need:

### Small classes and intensive instruction

Our students are taught by highly motivated native speakers with university degrees in classes averaging 7 -10 participants. An intensive course 30 meets 30 lessons per week (45 minute sessions)—more than at most other institutions.

### 40 years of experience

Our customers benefit from 40 years of experience with German courses for over 60,000 satisfied participants from more than 160 countries.

### A faster road to success

No other school prepares its participants more quickly or efficiently for the TestDaF or telc Deutsch C1 Hochschule exams for German as a foreign language. Beginners with no prior knowledge of German can successfully pass the TestDaF exam after just 8 months at the Humboldt-Institut.

### Recognized exams

Humboldt offers the TestDaF, TestAS and telc exams, which are internationally recognized and improve students' chances in academics and their careers.

### Transparent costs

Our prices are transparent. Course fees generally include instruction, full room and board, course materials, extracurricular activities and excursions. There are no hidden costs!

### Safety and support around the clock

We provide support and supervision for our youths and teens 24 hours a day. Someone they can trust and talk to is always nearby.

### Family atmosphere

Humboldt-Institut schools are boarding schools, a format that enhances students' success and their enthusiasm for the program's community experience. We do everything we can to make our students feel at home from their very first day with us.

### Studying throughout the year

Our year-round centers offer German instruction 365 days a year.

As you can see, the Humboldt-Institut optimizes student success in the shortest possible amount of time, all while making it fun to study in a motivating, German-language learning environment. We have the right German program for you!

## Instruction

### Types of Programs

One of the Humboldt-Institut's strengths is the intensity of instruction due to the high amount of lessons per week as well as the small class sizes. The following types of programs are available:

#### Intensive Course 30

30 lessons per week

#### Intensive Course 25

25 lessons per week

#### Mini Group 40

40 lessons per week

#### One-to-one Intensive Course 25,

**30, 40** 25, 30 and 40 lessons per week

### Classes

Classes are held Monday through Friday except on some bank holidays. One-to-one and mini group courses are taught regardless of bank holidays. Each class lasts for 45 minutes and is usually attended by 7 to 10 students, in mini groups by 2 to 4 students. Classroom instruction focuses on listening and reading comprehension, writing skills, speaking skills and grammar.

### Bank Holidays (Without Lessons)

May 1, Oct. 3, Nov. 1, Dec. 25, 2017

### Finding the Right Level

All students are expected to take a placement test on the day of arrival or the first day of their course. Based on their results students will be assigned to a class of their language level. During the summer months the first day is reserved for the placement test, i. e., the rest of the day is generally for orientation without instruction.

We distinguish the following 6 levels according to the Common European Framework of Reference for Languages (CEFR):

Level	Duration
<b>A1</b> Elementary 1 also for total beginners	5 weeks
<b>A2</b> Elementary 2	5 weeks
<b>B1</b> Intermediate 1	5 weeks
<b>B2.1</b> Intermediate 2.1	5 weeks
<b>B2.2</b> Intermediate 2.2 leads to telc Deutsch B2	5 weeks
<b>C1.1</b> Advanced 1.1 leads to TestDaF	5 weeks
<b>C1.2</b> Advanced 1.2 leads to telc Deutsch C1 Hochschule	5 weeks
<b>C2.1</b> Advanced 2.1	5 weeks
<b>C2.2</b> Advanced 2.2	5 weeks
<b>total duration</b>	<b>45 weeks</b>

The duration is based on courses with 30 lessons per week.

### Online Placement Test

If you wish to test your German skills in advance, you may do so by taking our online placement test ([www.humboldt-institut.org](http://www.humboldt-institut.org)). However, the online test is not a substitute for the placement test which is held on the first day of classes.

### Teachers

Our teachers are highly trained native speakers with university degrees, who use modern teaching methods.

### Teaching Material

The Humboldt Institute provides its students with all of the course materials and textbooks they need at no charge.

### Homework

Teachers daily assign homework so that students can build upon what they have learned and be prepared for class. Homework assignments are of reasonable size so that students still have plenty of time for extracurricular activities. Written homework is corrected and handed back to students so that they can monitor their progress.

### Weekly and Skill-level Tests

Participants in all programs take a weekly test so that students and teachers can assess the progress made during the preceding week. Comprehensive exams are written at the conclusion of each level.

### Accommodation and Board

Students are generally housed in boarding schools and facilities with group accommodations. Students in Meersburg, Lindenberg and Berlin City also stay with host families. Full board is included in the course fee for most of our program sites.

### Outside of Class

Our after-class program keeps students active and offers a wide variety of options, with program supervisors motivating even shy students to participate in activities.

### Supervision

Supervisors answer questions and solve problems while maintaining a positive, committed attitude towards all of the students' questions and concerns. They make sure that program rules are observed day and night at locations hosting children and teenagers, while guaranteeing reliable, round-the-clock supervision for all under-age students.

### Certificates

At the end of the program after a final exam all participants are awarded a certificate confirming the number of lessons attended as well as the skill level that the student has achieved. Grades are given for listening and reading comprehension, oral and written expression and grammar skills.

### Transfers

Transfers to and from the airport are done as group transfers. However, efforts are made to keep the waiting time of individual students down to no more than one hour. Please inquire about the fees for transfers which take place outside of the traditional arrival and departure days (Sunday / Saturday).

## Examinations

Students at the Humboldt-Institut can complete internationally recognized, standardized exams at all levels of the Common European Framework of Reference for Languages. The following overview shows the exams along with the language level certification students will obtain if they pass a given exam:

Age	Language Examination	Test Center
10-13	telc A1 Junior telc A2 Schule telc B1 Schule	Bad Schussenried
13-17	telc A1 telc A2 Schule telc B1 Schule telc B2	Lindenberg, Bad Schussenried
18 and up	telc B1 telc B2 telc C1 telc C1 Hochschule TestDaF	Berlin City, Constance
18 and up	TestAS	Berlin City

## telc Examinations

telc GmbH (The European Language Certificates) is an internationally recognized test provider. Language certificates offered by telc are geared towards the Common European Framework of Reference for Languages, making them internationally comparable and improving students' educational and professional opportunities.

### telc Deutsch A1 - C1

These general language exams let you show how well you have mastered the German language in daily situations, such as trips, leisure activities or at work. Each exam consists of a written individual test as well as an oral exam conducted with another student or in a group.

### telc Deutsch A1 Junior

The child-friendly format of this exam is geared towards our youngest learners. The test does not take long to complete, which, along with its use of pictures and its simple and easy-to-understand tasks, tailors it to the cognitive abilities of children.

### telc Deutsch A2 and B1 Schule

Since their format corresponds to that of general language exams, these exams for secondary school students are equivalent to the more general exams. The telc Deutsch

Schule exams, however, also cover subject matters geared specifically to young people's life and to what they know, i. e., their leisure time, their friends, what they do for fun, and what it's like to live in another country. A telc exam also allows young people to demonstrate their commitment, interest and determination.

### telc Deutsch C1 Hochschule

This exam is geared towards adults who would like to demonstrate their German language skills because they wish to begin studying, are already studying or hope to work in an academic field at a German university. This exam tests advanced German skills needed at university level.

#### Registration deadline:

23 days before the test date. Later registrations will only be accepted upon agreement and for an additional fee.

Tests will take approx. 4 weeks to correct.

## TestAS

The TestAS (test for foreign students) is a centralized, standardized test that assesses the aptitude of foreign students for university studies. For interested students from abroad, the TestAS result provides information on how they compare to other applicants and increases the chance for admission to a German university.

#### Exam Dates:

## TestDaF

("Test Deutsch als Fremdsprache")

The TestDaF exam demonstrates that a candidate has sufficient German skills for admission to a German university if he or she earns the minimum TestDaF level of 4 in each of the four exam sections. As a standardized exam for meeting university language requirements, the TestDaF is the equivalent of the DSH exam, while offering numerous other advantages: Students may take the exam as many times as they wish and, thanks to the uniformity of the exam, they can target specific areas as they prepare (see TestDaF Preparatory Courses).

The TestDaF also provides evidence of language ability for anyone who wants to do research in Germany or who wants to document high language skills.

Humboldt students with no prior knowledge of German would need

roughly 8 months to reach the required level of language skills. For those participants who have completed level C1.1, we strongly recommend our special, two-week TestDaF preparatory course, which builds upon their language skills. The Humboldt-Institut has licensed testing centers in Constance and Berlin.

#### Exam Dates:

## **Experience two cities**

With the combination of courses in Berlin and Konstanz our learners have the incomparable opportunity to experience two uniquely distinct university towns which demonstrate the diversity of Germany in landscape and in culture. Berlin—Germany's capital and by far largest city—impresses with more than 3.5 million inhabitants and an incredible variety of sights and cultural offers. Konstanz, however, seems to be unhurried and laid-back with only 85,000 inhabitants, while it is rated as one of Germany's towns with the highest quality of life due to its gorgeous location right next to Lake Konstanz and its proximity to Switzerland and the Alps. With our combination offer you can sample and immerse yourself into these two cities in two very different regions of Germany within only a short time.

## **Accommodation**

# Deutsch + Studium

## German + University

### The Concept

"Made in Germany" is a synonym for quality the world over, and studying in Germany gives international students a clear edge over their competitors on the international job market. Germany compares well to the rest of the world in terms of higher education, offering high quality and ideal research opportunities. Plus, studying in Germany is quite affordable compared to other countries.

### The Program

Invest in your future today: the Humboldt-Institut provides consultation and support to students in our intensive courses seeking university placement in Germany. We will review your high-school and/or other academic records from your home countries and determine whether you qualify for direct or indirect admission to a German university.

Our course centers in Berlin's City district and in Constance help incoming university students reach the language level they need (B1/B2 for preparatory programs and C1 for universities) in an extremely short period of time. You will stay in affiliated guest accommodations, where you will live right on site in an international—yet German-speaking—environment so you can dedicate your full attention to your German studies. Full room and board plus after-class activities (admission fees not included) are included in course fees. For an additional fee, we will provide advice and support as you go through the process of applying for university placement.

ages 18 plus

### Duration of the Language Course

- Language skills required for applying to the preparatory program: B1/B2  
Absolute beginners: Roughly 4-6 months at 30 course hours per week
- Language skills required for direct admission: C1.1 and TestDaF with at least 4x4 points  
Absolute beginners: Roughly 8 months at 30 course hours per week

### Program Start

January 1, 2017	September 3, 2017
February 5, 2017	October 8, 2017
March 12, 2017	November 12, 2017
April 16, 2017	January 7, 2018
May 21, 2017	February 11, 2018
June 25, 2017	March 18, 2018
July 30, 2017	

See pages 9 and 11 or 13 for information on the TestDaF.

### Language Course Fee

€ 650.- per week for programs lasting at least 10 weeks

### Placement Fee for University Admission

€ 400.-

### Health Insurance

Health insurance provided by the Humboldt-Institut (€ 2.- per day) is only valid for the duration of the language program—not while pursuing university studies. For this reason, we recommend that participants secure health insurance in their home country for the entire duration of their stay.

### Enrolment

The program operates all year round and is timed to coincide with the summer and winter semesters schedule at German universities and vocational colleges.

# Bad Schussenried

ages 10-13 and 14-17

## The City

Bad Schussenried is a historic monastery town with 8,300 inhabitants located in the beautiful, idyllic hill country between Lake Constance and the Danube and Iller rivers. Our school is housed in a modern complex nestled between a lovely park and an extensive outdoor recreation area. Students can walk to central Bad Schussenried in approximately 5 minutes.

As a boarding school, our program center combines classrooms, leisure facilities and student rooms at one site. With space for up to 300 students from all over the world, Bad Schussenried is Germany's largest boarding school for studying German as a foreign language. The school is open year round and has incredible infrastructure that allows students to pursue countless athletic and recreational activities, both indoors and outdoors.

# Schmallenberg

ages 14-18

## The City

Schmallenberg is a typical town in the Sauerland, an area known as the "land of a thousand mountains." Anyone who has ever been there will understand why the region has a reputation as one of Germany's most popular vacation destinations. With 26,000 residents, Schmallenberg is a quiet resort town with a charming, historical city center studded with half-timbered houses and narrow alleys.

Our host here is the Bad Fredeburg Academy, which is located in a district of Schmallenberg just a few minutes' walk from the center of this small town. The school is housed in an attractive building in a very quiet area surrounded by parks, where students can enjoy the peaceful atmosphere. In addition to these benefits, Schmallenberg is also popular for its flexible system of courses, which students can start or complete each week.

# Kempton

ages 14-18

## The City

Mountains so close you can almost touch them: located in the middle of the Allgaeu region—a popular holiday destination—Kempton's location is ideal for day trips to the peaks of the Allgaeu Alps, to Lake Constance and to the world-famous Neuschwanstein Castle. The neighboring countries of Austria and Switzerland are a short trip from the school, as is the Munich metropolitan area. Even the Romans appreciated this favorable location, founding their city of Cambodunum and making Kempton one of the oldest cities in Germany. Whether you are interested in the many recreational opportunities in the surrounding area or in a stroll through downtown, Kempton has plenty to offer, no matter what your tastes.

# Düsseldorf

## ages 14-18

### The City

With a population of some 600,000 inhabitants, Duesseldorf is seen as one of Germany's most interesting and popular major cities. Enjoy a stroll along the banks of the Rhine at the "Rheinuferpromenade" which links the traditional historic city center with the contemporary media harbor. The "Koe," the bustling shopping street, is another wonderful place to take in the sights, and as a cultural metropolis, Duesseldorf appeals to people from around the world. The city on the Rhine is famous for the joie de vivre of its residents, and it has an almost Mediterranean flair, particularly in the summer. Our house offers high-standard accommodations and is located directly on the Rhine with a view of the historic city center. Most major sightseeing attractions are within easy walking distance.

# Wien (Österreich)

ages 15-18

## The City

Vienna, the city with the highest quality of life in the world, unites tradition and modernity in its own unique way. With 1.7 million inhabitants, Vienna is both Austria's capital and its largest city—and the site of the first and only Humboldt-Institut center in neighboring Austria. A true highlight of this program site is the location of our German courses: on board of a school ship right along the Danube island! After class, Vienna also offers what may be the world's finest cultural scene: besides the old town and Schoenbrunn Palace, both of which are UNESCO World Cultural Heritage sites, Vienna also boasts countless royal residences and palaces, museums, famous buildings and landmarks, the most internationally known of which are St. Stephen's Cathedral and the Ferris wheel in the Prater park. But architectural monuments are not all that Vienna has to offer: Coffeehouses, Sachertorte, Wiener Schnitzel and the Naschmarkt—the city's wide variety of attractions cater to every taste!

## The City

Lehnin is a small town of 12,000 inhabitants located near Potsdam and Berlin, known for the 825 year-old monastery of Otto I, Margrave of Brandenburg. The oldest monastery in the Brandenburg March and its restored abbey church is still a focal point of the town. Another attraction is the Lehnin Institute for Fine Arts and Culture, located directly on the Lehnin Klostersee lake. Students live at this institute and can give their creativity free rein in after-class art workshops. The lake and the forest in the beautiful surrounding area also provide countless opportunities for a variety of after-school activities.

# Schloss Heessen

ages 9-13

## The Place

Heessen is a district of the town Hamm in North-Rhine Westphalia, not far from the Ruhr metropolitan region. The former mining town Hamm is nowadays known for its varied cultural offers and many public green spaces, among them Maximilian Park with its glass elephant, one of the major landmarks of the city. The spacious school premises of Heessen Castle combine tradition and modern comfort and offer our young guests not only a great variety of leisure time opportunities, but also a school canteen which is certified by the German Nutrition Society. There are many attractive destinations in the region for our Saturday excursions, among them the metropolis Cologne, with the world famous cathedral "Kölner Dom" and one of the children's all time favorites, the chocolate museum.

# Schloss Wittgenstein

ages 7-11

## The Place

Situated on a hill overlooking the historic town of Bad Laasphe, Wittgenstein Castle is our program site for our youngest students. The town is located some 120 km east of Cologne and surrounded by an idyllic landscape, with the Lahn River winding its way past the half-timbered houses in the historic center of town.

Our school is located in the famous Wittgenstein Castle, which includes both historical and modern buildings and offers a wide range of opportunities for sports and recreational activities. One special feature of this center is that the school has its own stables and offers an optional riding course.

German for accompanying parents

We are pleased to offer a German course that you can take at the same location as your child. Held in the mornings, your class will be separate from the children's classes, as the course contents will be different: children's courses aim to improve all of the language skills your child will need later on when taking German classes at home; the objective for parents, however, is to teach practical German that will be useful for everyday life. Course offerings cover levels A1 through A2 of the Common European Framework of Reference. While you will be housed separately from the children (in private rooms in the castle) and participate, in some cases, in separate recreational activities, weekend excursions will be offered for parents and children together.

## Parents' Course

- 25 lessons per week
- Mini groups (2-4 participants per group)
- Levels: A1 - A2

## Accommodation for Parents

- Beautiful twin rooms (with shower/WC) in the castle
- 3 main meals and 2 snacks

## Date

July 2 - July 22, 2017 (3 weeks)

## Fees

€ 4,260.- twin rooms in the castle (3 weeks)

€ 585.- surcharge single accommodation (3 weeks)

## Leisure Activities & Excursions

You are more than welcome to participate in your child's extracurricular activity program. Excursions for parents and children will be offered on weekends. Extra program offerings will be organized for parents.

## Included are

Lessons, teaching material, accommodation, full board, daily leisure program, weekly excursions, entrance fees, a certificate and 24-hour supervision for the children

# Deutsch + Schulbesuch

## Secondary Education in Germany

ages 10-17

### The Concept

Going to school and living abroad for a period of time fosters adolescents' development and ensures a successful future for them in a job market that is becoming more and more international—studying in Germany would enhance any resume. Our "Going to school in Germany" program is geared towards highly motivated students between ten and seventeen years of age, and offers them the chance to participate in regular classes in German boarding schools. Upon successfully completing the leaving exams of a German college preparatory program (the Abitur), students here will qualify for admission to a German university.

### Prerequisites

Besides having to demonstrate generally above average academic performance, foreign candidates must also have

sufficient knowledge of the German language to be admitted to a German school. This is why they are asked first of all to attend an intensive German language course for several months at our language center in Bad Schussenried (see page 20) or in Lindenberg (see page 22). Having completed level B2, students will be integrated into a class at a college preparatory boarding school appropriate to their age and abilities.

### Preparatory Courses in Bad Schussenried and in Lindenberg

Our schools in Lindenberg and in Bad Schussenried offer our students ideal conditions to feel at ease and get used to a life in Germany. High-quality courses paired with a small number of students per class assure that students pick up the language quickly and thoroughly.

### Program Schedule

Depending on their prior skill level, students will need approx. two to six months to reach the required level of German (completion of Humboldt level B2). Afterwards, we offer a 5-week preparatory course (see page 50).

Upon completion of this preparatory course, foreign students can transfer to a German boarding school. The Humboldt-Institut cooperates with highly respected boarding schools throughout Germany and will gladly help students find the right school.

### Program Start

January 1, 2017	September 3, 2017
February 5, 2017	October 8, 2017
March 12, 2017	November 12, 2017

# Schulvorbereitungskurs

## School Preparatory Course

ages 13-17

in Bad Schussenried and in Lindenberg

### The Concept

After having successfully completed Humboldt level B2, our students will be able to continue their education in Germany at a Gymnasium. Here they can complete their leaving exams (see p. 48 / Secondary Education in Germany), which will qualify them for admission to a German university. In order to ease the transition between the German course and school attendance, we offer a special preparatory course aimed at teaching the terminology and methodology in the most important subject areas taught in school.

### Content

The school preparatory course is organized into subject area modules such as the natural sciences (mathematics, physics, biology, chemistry) and the humanities (history, politics, geography, religion). The fine arts are covered as well. In addition to acquiring important technical vocabulary, students also learn how to summarize texts, work with sources, perform research and give presentations.

Role-playing simulation games and project work also teach students how to work in group settings.

### Prerequisites

- Students may only enrol after successfully completing Humboldt level B2

### Preparatory Courses

- 30 lessons per week
- Approx. 10 students per class
- Duration: 5 weeks

# Gymnasium Lindenberg

**The Lindenberg Gymnasium** (preparation for the German "Abitur")

ages 10-17

## The School

The Lindenberg Gymnasium (grades 5 - 12) offers two distinct educational tracks, one oriented towards language and one towards the natural sciences and technology. In addition to pure classroom instruction—instruction that meets the highest professional and pedagogical standards—the school also aims to educate its students to become engaged, tolerant and responsible human beings. Viewed from this perspective, school becomes a place that offers students life experience and helps them shaping their personalities. Students are not only encouraged to perform well and develop their talents—social responsibility, environmental consciousness and respect also play critical roles in the school community.

## Academic Facilities and Services

- Large spectrum of elective courses and work groups
- Tutoring for homework
- Conflict mediation team
- Computer rooms and IT training
- Library
- School cafeteria
- International student exchange program
- Study trips

## The Boarding School

Students are housed at the Humboldt-Institut boarding school in Lindenberg (see p. 22). The boarding school provides an attractive infrastructure and offers support services that cater to the special needs of the students. These benefits will help young people to integrate quickly into daily life in Germany, while nurturing their continued language development and—most importantly—helping them to establish and maintain social contacts. Besides their academic achievement, living and studying in a German environment with an international, cosmopolitan atmosphere also fosters the students' personal development.

## Boarding School Concept

- Mentor program
- German language support program
- Supervised leisure activities & planned excursions
- 24-hour supervision
- After-school sponsorship with German students
- Activities with German students, e. g. conversation partners, English Club

## Accommodation

- Twin rooms with shower and toilet facilities (single rooms available in 12th grade)
- 3 main meals and fruit during the day

# Gruppen

## Groups

### Our Offer

The Humboldt-Institut organizes language courses at its course centers for various groups, including school groups, at very attractive rates. Students participating at those centers accommodating groups will receive free transfers plus a complimentary space for an accompanying adult (for groups of 10 or more). Some locations even offer reduced group rates.

Our year-round schools in Lindenberg, Bad Schussenried, Constance and Berlin City can accommodate groups throughout the year (see page 55). During off-season, the terms offered at these centers are especially economical. Additional program centers are open in the summer.

In the afternoon students can test their knowledge and try out what they have learned with their classmates from all over the world. This enhances their motivation, promotes tolerance and contributes to the fun of speaking a foreign language.

Instructors and program supervisors are housed in single rooms with private facilities at all program sites.

### Extracurricular Activities

After classes and on weekends we organize half-day and full-day excursions, contests and games.

In Lindenberg we offer skiing lessons, snowboard lessons and snow hiking in wintertime. While we organize a variety of daily after-class activities all year round, we are also happy to consider ideas and suggestions offered by students, instructors and program supervisors. For youths and teens, we also guarantee reliable support and supervision around the clock.

### Exams

We offer various levels of telc exams for groups upon request.

### Course centers for groups

The following course centers accept reservations for groups (see page 55). When booking, please take into account the maximum group size as well as the different age groups for each of the schools.

### Further Information and Fees

activities, excursions, admission fees, support and supervision, and one transfer from the airport to the school and back. A complimentary space is available for groups of 10 students.

## Important Information

### Enrolment

Please send all enrolment forms and payments for **all** program sites to the following central address:

**Humboldt-Institut e. V.**  
**Schloss Ratzenried**  
**88260 Argenbuehl**  
**Germany**

### Health

Please indicate any health problems (e. g. allergies) and dietary restrictions (vegetarian, diabetic, Muslim) on your enrolment form. Minors must provide the telephone number and email address of a parent or guardian. Adults may provide a contact number in case of emergency.

### Visas

If you need a visa, we will send you an invitation to the language program once we have received your enrolment and program confirmation. You will then need to request a visa from your nearest German foreign office (embassy or consulate). To apply for a visa, you will need to provide the following:

1. Our written invitation
2. Proof of health insurance (If you have taken out a traveler's health insurance policy through the Humboldt-Institut, we will send you the corresponding confirmation.)
3. Proof of ability to finance your stay in Germany (A proof of payment either from us or from your own bank showing the payment of the program fees will suffice.)

We will be happy to provide assistance should you have any difficulties obtaining a visa. In cases like these, please contact us immediately.

### Arrival and Departure

Day of arrival is Sunday before a course

begins. Day of departure is Saturday. Classes are held from Monday till Friday.

### Transportation

We provide group transportation to and/or from the railway stations and airports indicated in the program descriptions. Please indicate on your enrolment form if you would like to make use of this service. If you do, our program supervisors will pick you up in either a car or a minibus when you arrive at the airport or railway station and, if desired, will take you back at the end of the program. A small fee is assessed to cover the costs involved in picking up students at airports; transportation to and from railway stations is free.

If you do not know your arrival time and flight number when you enrol, please provide us with this information 1 week before you depart so that we can organize transportation. Longer waits may result for anyone who is late in submitting his/her information. Additionally a late booking fee is charged.

We must be advised beforehand if a person is travelling as an Unaccompanied Minor (UM). For the return-transfer to the airport an additional fee applies for UMs.

### Health Insurance

Program participants can take out a traveler's health insurance policy through the Humboldt-Institut (€ 2.- per day). Your enrolment form includes a section entitled "travel health insurance". Please place an "X" in the box next to "yes". The Humboldt-Institut does not provide personal liability insurance or insurance covering damaged or lost luggage.

### Pocket Money

For children and teenagers we recommend € 20.- to € 40.- per week.

### Laundry

Free laundry services are provided at nearly all course centers. Coin-operated washing machines are provided at the other course centers generally.

### Additional services

One day prior to arrival is the latest possible opportunity for canceling additional, fee-based services, such as riding, tennis, sailing, skiing, etc. Cancellation is no longer an option as of the day that the student arrives.

### Latin Alphabet

Foreign participants attending a German course at the Humboldt-Institut must already have a good command of the Latin alphabet or must learn the alphabet with us in individual sessions prior to beginning the program.

# General Terms of Enrolment

## 1. Enrolment

Please send the enrolment and payment for **all courses** to:

**Humboldt-Institut e. V.**  
**Schloss Rattenried**  
**88260 Argenbuehl**  
**Germany**

## 2. Conditions of Payment

Upon receipt of the invoice, a down payment of € 200 and, 30 days before a course begins, final payment must be made. For courses lasting 10 weeks or longer, fees for the first 10 weeks must be paid before the beginning of the course. The remaining fees can then be paid in installments.

## 3. Cancellation of Enrolment

Cancellation can be made either by email, fax or mail. For a cancellation made up to four weeks before a course begins, a fee of € 50 is payable. Up to 14 days before course start € 200 and thereafter € 500 is payable. In case of non-appearance without previous cancellation, a four weeks' fee is forfeited. We recommend acquiring a trip cancellation insurance, so that you will not lose your tuition fees in case of illness.

## 4. Curtailment of Course

A student must give at least four weeks notice of intention to curtail the course. However, a long-term course, (i.e., a course to which reduced course fees are applicable) cannot be curtailed before the end of the first 10 weeks.

## 5. Complaints

Complaints must be filed immediately and in written form by contacting [info@humboldt-institut.org](mailto:info@humboldt-institut.org) or by sending a letter to the address listed under item 1.

## 6. Absence at the Beginning of or during a Course

In case of late entry or absence during a course, no refund of fees will be granted. The obligation to pay is not revoked by a delay in payment. Absence may not be compensated by free extension of the course.

## 7. School Regulations

We request all students to abide by our house rules. In case of a severe offence, the school authorities reserve the right to exclude a student from a course.

## 8. Responsibility for Minors

The director of the Humboldt-Institut and/or an employee authorized by the director will assume responsibility for minors throughout the duration of the language course, i.e., this individual will assume the rights and responsibilities associated with the rights of parental custody.

## 9. Liability

The Humboldt-Institut will make every effort to duly fulfill the contract. In case of a claim for a refund the amount repayable shall be proportional to the amount paid, but in no case greater than the total amount paid. The Humboldt-Institut does not hold liability in case of non-fulfillment of obligations under contract resulting from force majeure.

## 10. Data Privacy

Electronic data processing systems are used for course administration. By indicating your postal and/or e-mail address, you, as the adult course participant and/or participant's legal guardian, hereby declare your willingness to receive additional information via mail and/or e-mail. Regarding the internal use of your postal or email address for marketing purposes (newsletters, brochures, etc.): you may unsubscribe from these mailings at any time by sending an email to [info@humboldt-institut.org](mailto:info@humboldt-institut.org) or by writing to the address indicated under item 1. As the adult course participant and/or the participant's legal guardian, you hereby provide your irrevocable consent authorizing the Humboldt-Institut and any partners contractually bound to the Humboldt-Institut to create, duplicate, transmit or have third parties transmit videos, images and audio recordings of the participant, or to use these materials in audiovisual media for the advertising purposes of the Humboldt-Institut. Such usage shall be royalty-free and applies to all current and future media.

## 11. Place of jurisdiction

German law shall apply in the event of any disputes. Wangen im Allgäu is agreed upon as the place of jurisdiction.
